Exceptional Mid-Century Inspired Single-Storey Residence

This exceptional single-storey residence, Ferndale, offers a rare opportunity to rent a beautifully renovated home that combines mid-century architectural character with refined contemporary living. Designed by a West London based architectural and interior designer's studio, the property is securely positioned behind electric gates, providing privacy, space and a high level of design throughout.

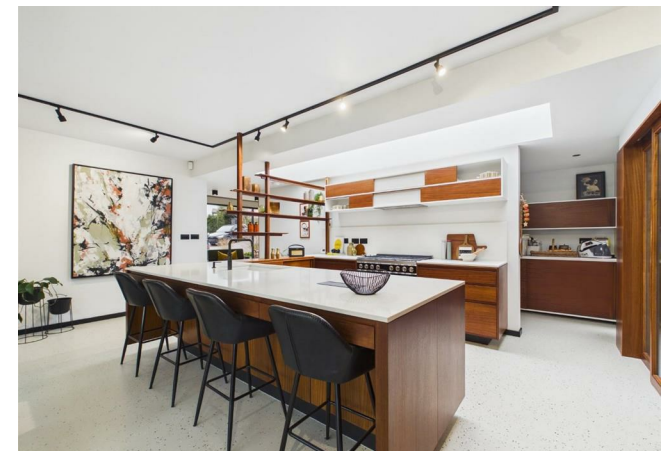

A large private driveway and carport for several vehicles offer both convenience and discretion on arrival. The home is set within a wrap-around garden, with the principal garden area benefiting from a desirable south-facing aspect, creating a tranquil and secluded setting with an excellent connection between indoor and outdoor spaces.

The accommodation opens into a generous, light-filled entrance hall, leading to a series of elegantly proportioned reception spaces. These include an open-plan kitchen and living area, a separate dining room, and an additional sitting room, all benefiting from sliding doors that allow natural light to flood in and provide direct access to the garden.

The bedroom accommodation is thoughtfully arranged and well balanced. The principal bedroom suite, which is air conditioned, features a dressing area and ensuite bathroom, complemented by a second ensuite double bedroom and two further generously sized double bedrooms. These are served by a family bathroom and an additional separate WC.

Further benefits include a utility room, a private study ideal for home working, and a dedicated gym, which is also air conditioned, offering the convenience of a private fitness space within the home.

Finished with bespoke joinery, premium materials and a calm, cohesive aesthetic throughout, this is a secure, design-led home offering understated luxury and comfort – ideally suited to tenants seeking a high-quality long-term rental.
